RECON REP

- **Customized reporting using Power BI**

- **standard reporting**

ReCON REP

Choose from our preset reports in the ReCON REP section.

If you need to create a special customized report, please contact us and we will be happy to help you create it using the Power BI application, which is a free part of our ReCON REP module. You will receive login details for your account, which will allow you to create your own reports or use one of the predefined reports.
